Gentile Cliente,
gli articoli presentati in questo catalogo, sono frutto dell'esperienza acquisita in 50 anni d'attività della Fratelli Laveggi nel rispetto della migliore qualità e sicurezza.

La nostra azienda sempre attenta a seguire le necessità del mercato e le esigenze della clientela ha cercato, anche per la pubblicazione di questo nuovo catalogo, di ottimizzare la ricerca degli articoli suddividendo in tre settori le principali produzioni:

- SETTORE INOX
- SETTORE CEMENTO
- SETTORE LEGNO

Per ognuna di queste produzioni è stato completato un catalogo che raggruppa gli articoli specifici, favorendo così, una migliore consultazione, evitando possibili errori d'interpretazione dell'utilizzo degli stessi. Confidando in una proficua e reciproca collaborazione, auguriamo a tutta la nostra gentile clientela un positivo futuro.

Dear Customer

The items enclosed in this catalogue are the result achieved by the Company Fratelli Laveggi in the course of 50 years of work focused on higher quality and more safety.

As our company has always been conscious of the requirements of the market and of our customers' needs, in the edition of new the catalogue we tried to optimize the presentation of the items by dividing the production in three main sectors:

- STAINLESS TEEL SECTOR
- CONCRETE SECTOR
- WOOD SECTOR

For each of these production ranges a catalogue containing all specific items has been worked out, making it easier to consult it and to avoid possible mistakes in the interpretation of their usage.

We trust in a mutually satisfying cooperation and wish our customers all the best for the future.

Cher Client,

les articles présentés dans ce catalogue dont le fruit de l'expérience acquise depuis 50 ans d'activité de Fratelli Laveggi, dans le respect de la qualité et de la plus haute sécurité d'exécution.

Notre entreprise, toujours attentive aux nécessités du marché et aux exigences de la clientèle, a aujourd'hui encore élargi sa gamme de produits.

Motre soucis de perfection a été poussé jusqu'à la refonte du catalogue, en optimisant la recherche des articles par une séparation des productions principales en trois secteurs:

- SECTEUR INOX
- SECTEUR CIMENT
- CESTEUR BOIS (FUTAILLES)

Afin de rendre encore plus aisée la consultation, et ainsi éviter toute erreur d'affectation pour les différentes gammes de produits, nous éditons un nouveau catalogue spécifique à chacune.

Confiant en une collaboration profitable et réciproque, nous souhaitons à toute notre clientèle un avenir serein.

Sehr verehrter Kunde,

die in diesem Katalog enthaltenen Artikel, sind das Ergebnis der 50-jährigen Erfahrung der Firma Fratelli Laveggi, deren Fertigung stets auf bessere Qualität und mehr Sicherheit ausgerichtet ist.

Unsere Firma, die die Erfordernisse des Marketes und die Bedürfnisse der Kundschaft stets in den Vordergrund stellt, hat versucht auch in diesem Katalog die Unterteilung der Artikel zu optimieren, indem die Produktpalette in drei wesentliche Sektoren unterschieden worden ist:

- BEREICH EDELSTAHL
- BEREICH ZEMENT
- BEREICH HOLZ

Um das Nachschlagen zu erleichtern und mögliche Interpretationsfehler hinsichtlich des Gebrauches der Artikel zu verhindern, ist für jeden dieser Bereiche ein Katalog zusammengestellt worden, der dessen spezifische Artikel umfaßt.

Wir hoffen auf eine gute und gegenseitig zufriedenstellende Zusammenarbeit und wünschen unseren verehrten Kunden alles Gute für die Zukunft.

Estimados Clientes,

los artículos presentados en este catálogo, representan el fruto de la experience madurada en 50 años de actividad por la firma Fratelli Laveggi, de conformidad siempre con los más elevados niveles de calidad y seguridad.

Nuestra empresa, siempre atenta a seguir las necesidades del mercado y las exigencias de los clientes, ha tratado, también en la publicación de este nuevo catálogo, de optimizar la organización de los artículos, subdividiendo en tres sectores las principales producciones:

- SECTOR INOX
- SECTOR CEMENTO
- SECTOR MADERA

Para cada una de estas producciones ha sido realizado un catálogo que agrupa los artículos específicos, facilitandoci una mejor consulta, evitando posibles errores de interpretación de los empleos de los mismos.

Confidando en una fructífera y recíproca colaboración, deseamos a todas nuestros clientes una positiva consecución de sus actividades.

Oval shaped manhole door in AISI 304 or AISI 316/L stainless steel - inward opening - frame fabricated in flat stainless steel 40x10 access 520 x 420 mm.

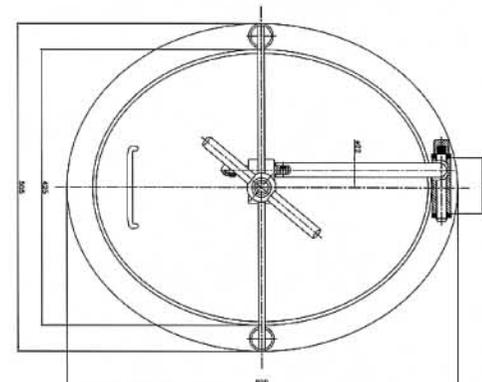

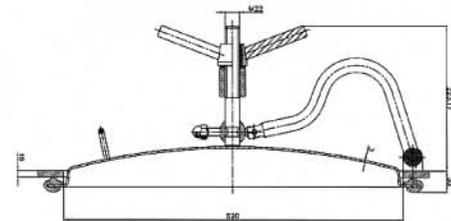

Ovales Mannloch aus Edelstahl W.Nr. 1.4301 - 1.4401 Deckel schwenkbar nach innen und aussen - Flachring aus rostfreiem Flachstahl 40x10 lichte Weite 520x 420.

Porte de cuve ovale en inox AISI 304 ou AISI 316/L ouverture intérieure - cadre en plat inox 40x10 - passage utile mm. 520 x 420.

Boca oval de acero inoxidable AISI 304 o AISI 316/L apertura interna - marco inoxidable 40x10 - luz útil de pasaje 520x420 mm.

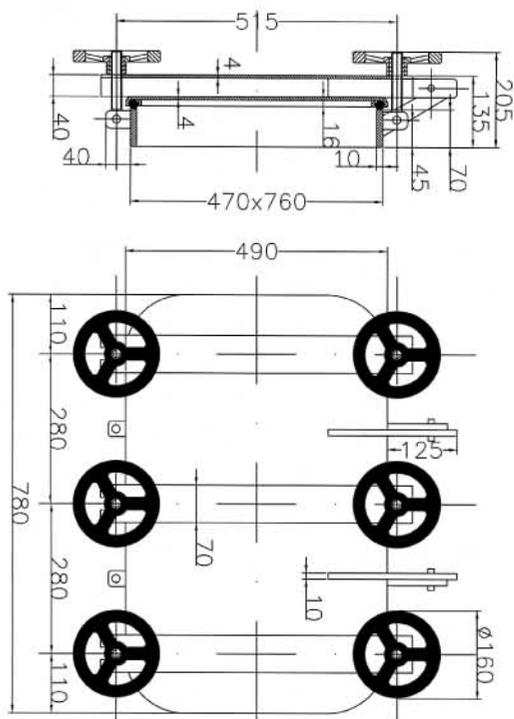

Portella ovale in acciaio AISI 304/L o AISI 316/L - apertura interna - telaio di piatto inox mm. 40 x 10. Luce utile di passaggio mm. 520 x 420

Pressione massima di esercizio: 3,0 BAR
Working pressure: 3,0 BAR

Portella rettangolare per vinificatori in acciaio AISI 304 o AISI 316 - telaio di piatto inox - apertura esterna verticale - luce utile di passaggio mm. 740x450.

Pressione massima di esercizio: 1,0 BAR
Working pressure: 1,0 BAR

Art. B 1 740x450

Rectangular manhole door for winemakers in AISI 304 or AISI 316 stainless steel - frame in flat stainless steel - vertical outward opening access 740 x 450 mm.

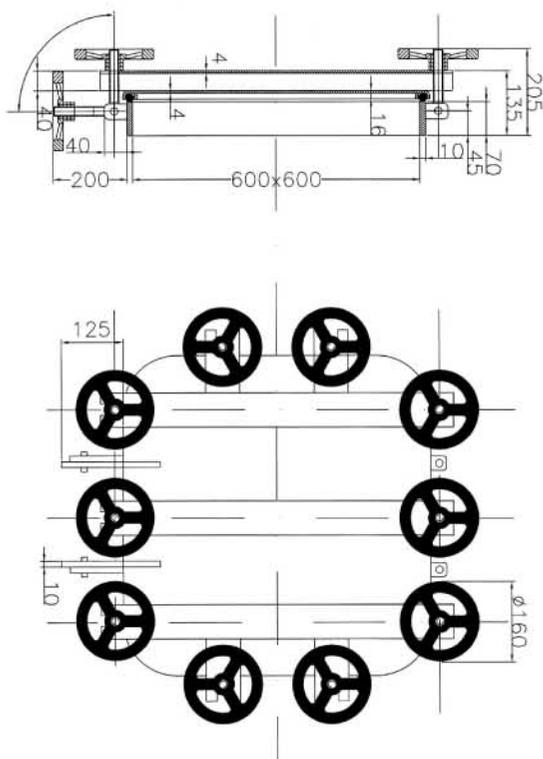

Rechteckiges Mannloch aus Edelstahl W.Nr. 1.4301 - 1.4401 Einschweisrahmen aus rostfreiem Flachstahl Öffnung nach aussen - lichte Weite 740 x 450 mm.

Porte de cuve rectangulaire pour vinification en inox AISI 304 ou AISI 316 - cadre en plat inox - ouverture verticale extérieure - passage utile mm. 740 x 450.

Boca rectangular para vinificaci3n de acero inoxidable AISI 304 o AISI 316 - marco inoxidable - apertura externa vertical - luz 3til de pasaje 740x450 mm.

Portella rettangolare per vinificatori in acciaio inox AISI 304/L o AISI 316/L - apertura esterna verticale - telaio in piatto inox mm 70x10 - luce utile di passaggio mm. 600x600.

Pressione massima di esercizio: 1,0 BAR
Working pressure: 1,0 BAR

Art. B 1 600x600

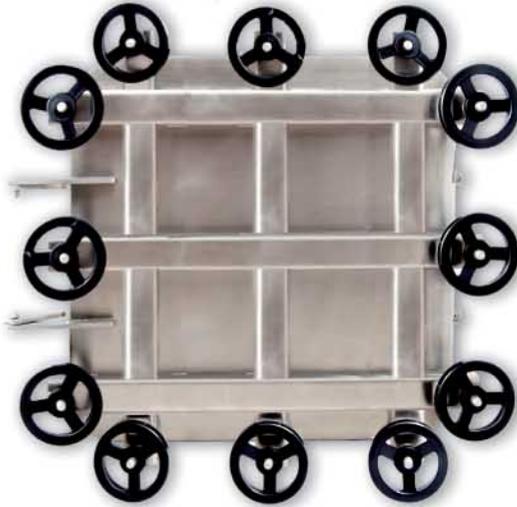

Rectangular manhole door for winemakers in AISI 304/L or AISI 316/L stainless steel - frame in flat stainless steel - vertical outward opening access 600 x 600 mm.

Rechteckiges Mannloch aus Edelstahl W.Nr. 1.4301 - 1.4401 Einschweisrahmen aus rostfreiem Flachstahl Öffnung nach aussen - lichte Weite 600 x 600 mm.

Porte de cuve rectangulaire pour vinification en inox AISI 304/L ou AISI 316/L - cadre en plat inox - ouverture verticale extérieure - passage utile mm. 600 x 600.

Boca rectangular para vinificaci3n de acero inoxidable AISI 304/L o AISI 316/L - marco inoxidable - apertura externa vertical - luz 3til de pasaje 600x600 mm.

Art. B 1 750x750

Rectangular manhole door for winemakers in AISI 304/L or AISI 316/L stainless steel - frame in flat stainless steel - vertical outward opening access 750 x 750 mm.

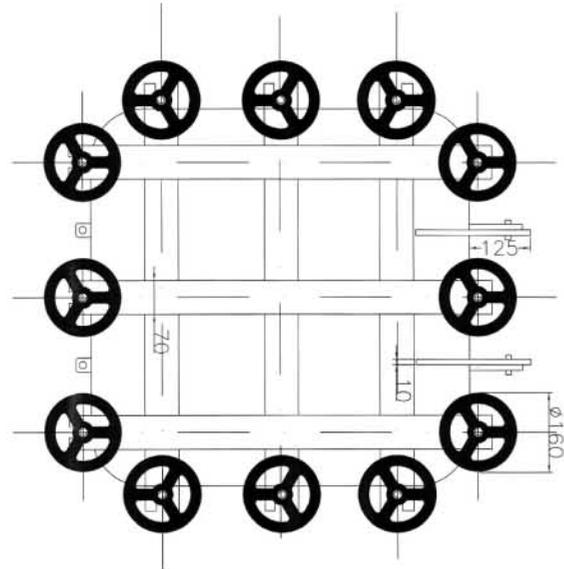

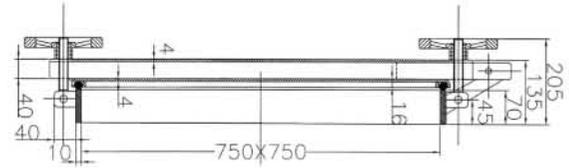

Rechteckiges Mannloch aus Edelstahl W.Nr. 1.4301 - 1.4401 Einschweisrahmen aus rostfreiem Flachstahl Öffnung nach aussen - lichte Weite 750 x 750 mm.

Porte de cuve rectangulaire pour vinification en inox AISI 304/L ou AISI 316/L - cadre en plat inox - ouverture verticale extérieure - passage utile mm. 750 x 750.

Boca rectangular para vinificaci3n de acero inoxidable AISI 304/L o AISI 316/L - marco inoxidable - apertura externa vertical - luz 3til de pasaje 750x750 mm.

Portella rettangolare per vinificatori in acciaio inox AISI 304/L o AISI 316/L - apertura esterna verticale - telaio di piatto inox mm. 70x10 - luce utile di passaggio mm. 750x750.

Pressione massima di esercizio: 1,0 BAR
Working pressure: 1,0 BAR

Art. B 2

Rectangular manhole door for winemakers in AISI 304 or AISI 316 stainless steel - frame in flat stainless steel or iron - vertical outward opening access 530 x 410 mm.

Rechteckiges Mannloch aus Edelstahl W.Nr. 1.4301 - 1.4401 Einschweisrahmen aus rostfreiem Flachstahl Öffnung nach aussen - lichte Weite 530 x 410 mm.

Porte de cuve rectangulaire pour vinification en inox AISI 304 ou AISI 316 - cadre en plat inox au acier - ouverture verticale extérieure - passage utile mm. 530 x 410.

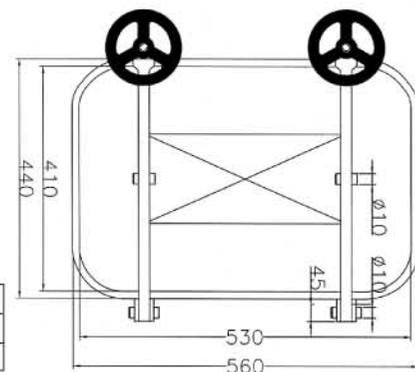

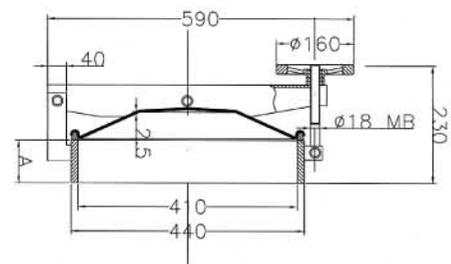

Boca rectangular para vinificaci3n de acero inoxidable AISI 304 o AISI 316 - marco inoxidable o hierro - apertura externa vertical - luz 3til de pasaje 530x410 mm.

Portella rettangolare per vinificatori in acciaio inox AISI 304 o AISI 316 - telaio di piatto inox o ferro - apertura esterna verticale - luce utile di passaggio mm. 530x410.

Pressione massima di esercizio: 1,2 BAR
Working pressure: 1,2 BAR

H speciale su richiesta con quantitativi minimi
special H on request with minimum quantities

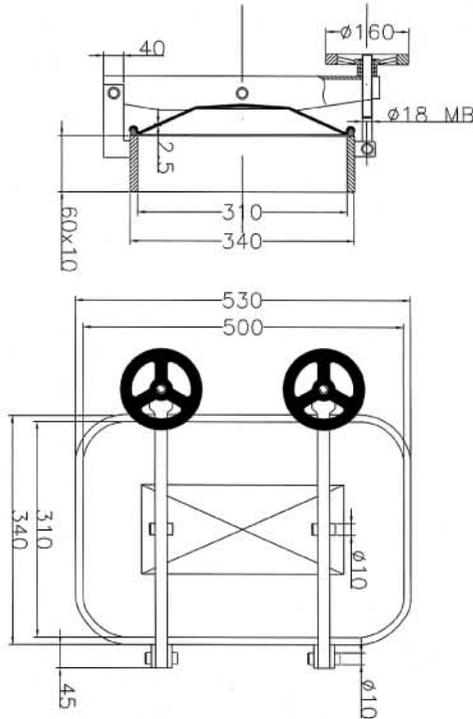

H massima telaio mm. 160/max H of the frame mm. 160

A
60x8
60x12

Portella rettangolare in acciaio inox AISI 304 - telaio di piatto
inox - apertura esterna
luce utile di passaggio mm. 500x310.

Pressione massima di esercizio: 1,3 BAR
Working pressure: 1,3 BAR

Art. B 3

Rectangular manhole door in AISI 304 - stainless steel - frame in flat
stainless steel - outward opening access 500 x 310 mm.

Rechteckiges Mannloch aus Edelstahl W.Nr. 1.4301 - Einschweissrahmen
aus rostfreiem Flachstahl Öffnung nach aussen - lichte Weite 500 x 310 mm.

Porte de cuve rectangulaire en inox AISI 304 - cadre
en plat inox - ouverture extérieure - passage
utile mm. 500 x 310.

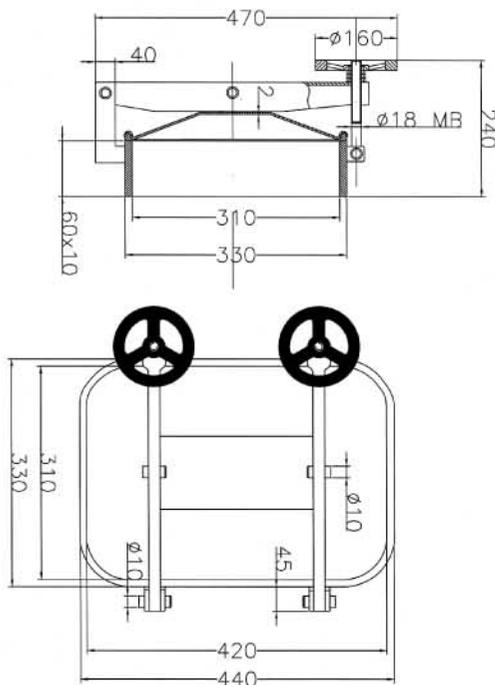

Boca rectangular de acero inoxidable AISI 304 - marco
inoxidable - apertura externa - luz útil de pasaje
500x310 mm.

Portella rettangolare in acciaio inox AISI 304 o AISI 316 - telaio
di piatto inox - apertura esterna - luce utile di passaggio mm.
420x310.

Pressione massima di esercizio: 1,6 BAR
Working pressure: 1,6 BAR

H speciale su richiesta con quantitativi minimi
special H on request with minimum quantities

H massima telaio mm. 160/max H of the frame mm. 160

Art. B 4

Rectangular manhole door in AISI 304 or AISI 316 - stainless steel - frame
fabricated in flat stainless steel - outward opening - access 420 x 310 mm.

Rechteckiges Mannloch aus Edelstahl W.Nr. 1.4301 - 1.4401. Einschweissrahmen
aus rostfreiem Flachstahl Öffnung nach aussen - lichte Weite 420 x 310 mm.

Porte de cuve rectangulaire en inox AISI 304 ou AISI 316 - cadre
en plat inox - ouverture extérieure - passage
utile mm. 420 x 310.

Boca rectangular de acero inoxidable AISI 304 o AISI 316 - marco
inoxidable - apertura externa - luz útil de pasaje
420x310 mm.

Art. B 5

Rectangular manhole door in AISI 304 or AISI 316 stainless steel - frame in flat stainless steel or iron - outward opening - access 420 x 310 mm.

Rechteckiges Mannloch aus Edelstahl W.Nr. 1.4301 - 1.4401. Einschweißrahmen aus rostfreiem Flachstahl. Öffnung nach aussen - lichte Weite 420 x 310 mm.

Porte de cuve rectangulaire en inox AISI 304 ou AISI 316 - cadre en plat inox ou acier - ouverture extérieure - passage utile mm. 420 x 310.

Boca rectangular de acero inoxidable AISI 304 o AISI 316 - marco inoxidable o hierro - apertura externa - luz útil de pasaje 420x310 mm.

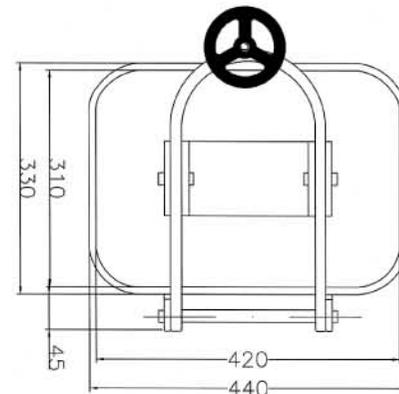

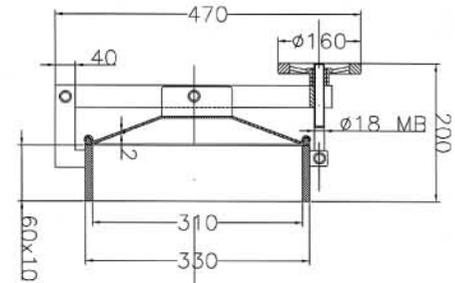

Portella rettangolare in acciaio inox AISI 304 o AISI 316 - telaio di piatto inox o ferro - apertura esterna - luce utile di passaggio mm. 420x310.

Pressione massima di esercizio: 0,7 BAR

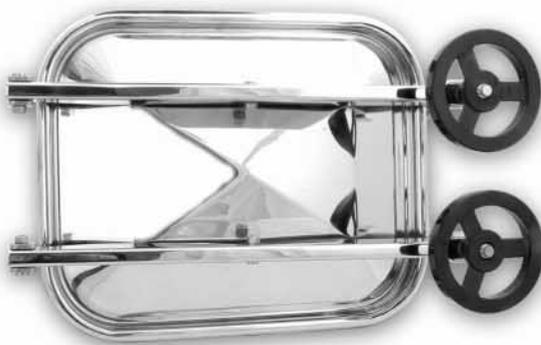

Working pressure: 0,7 BAR

H speciale su richiesta con quantitativi minimi
special H on request with minimum quantities

Domo superior tipo "export" de acero inoxidable AISI 304 o AISI 316 con válvula de compensación de presión diám. 50 - apertura vertical y horizontal - luz útil de pasaje 420 mm.

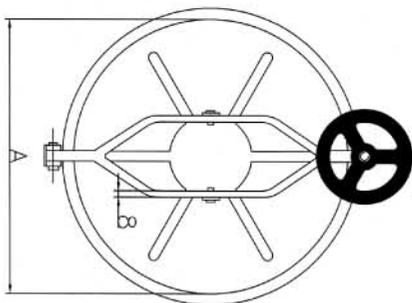

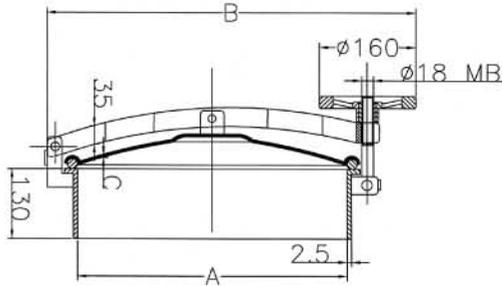

Chiusino superiore tipo "export" in acciaio inox AISI 304 o AISI 316 - con valvola compensatrice di pressione \varnothing 50 apertura verticale ed orizzontale - luce utile di passaggio mm. 420

Pressione massima di esercizio: 0,002 BAR
Working pressure: 0,002 BAR

Chiusino superiore "tipo pesante" in acciaio inox AISI 304 o AISI 316 - per cisterne da trasporto - luce utile di passaggio mm. 420 - 455 - 500.

Pressione massima di esercizio: 0,3 BAR
Working pressure: 0,3 BAR
H speciale su richiesta/special H on request

A	420	455	500
B	580	615	660
C	2	2	2,5

Art. D 6

Heavy-duty upper lid in AISI 304 or AISI 316 for road tankers - access 420 - 455 - 500 mm.

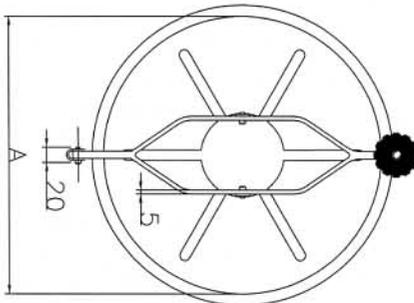

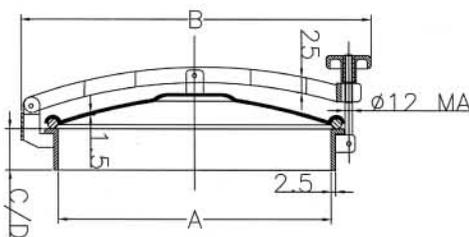

Domdeckel aus Edelstahl W.Nr. 1.4301 - 1.4401, für Transportbehälter - lichte Weite 420 - 455 - 500 mm.

Trappe supérieur "type lourd" en inox AISI 304 ou AISI 316 pour cisternes de transport - passage utile mm. 420 - 455 - 500.

Domo superior "tipo pesado" de acero inoxidable AISI 304 o AISI 316 para cisternas de transporte - luz útil de pasaje 420 - 455 - 500 mm.

Chiusino superiore in acciaio inox AISI 304 o AISI 316 - luce utile di passaggio mm. 385 - 420 - 455 - 500 - 600. N.B.: su questo chiusino sono applicabili le valvole. Art. E 25 - E 26 - E 27 - E 28 - E 29.

Pressione massima di esercizio: 0,02 BAR
Working pressure: 0,02 BAR
H speciale su richiesta/special H on request

Rectangular manhole door in AISI 304/L or AISI 316/L stainless steel
 frame in flat stainless steel - vertical guillotine opening - access 630 x 500 mm.
 FOR HYDRAULIC - PNEUMATIC APPLICATIONS

Rechteckiges Mannloch aus Edelstahl W. Nr. 14301 - 14401 Einschweisrahmen aus
 rostfreiem Flachstahl Oeffnung nach guillotine - lichte Weite 630 x 500.
 HYDRAULISCHE - PNEUMATIK ANWENDUNG

Porte de cuve rectangulaire en inox AISI 304/L ou AISI 316/L - cadre en plate inox -
 ouverture verticale a guillotine - passage utile mm. 630 x 500.
 APPLICATION HYDRAULIQUE - PNEUMATIQUE

Boca rectangular para vinificaci3n de acero inoxidable AISI 304/L - AISI 316/L - marco
 inoxidable - apertura vertical a guillotina - luz 3til de pasaje 630 x 500.
 APLICACION HIDRAULICA - NEUMATICO

Art. G 2

Rectangular manhole door in AISI 304/L or AISI 316/L stainless steel frame in flat stainless steel - vertical guillotine opening - access 800 x 600 mm. FOR HYDRAULIC - PNEUMATIC APPLICATIONS

Rechteckiges Mannloch aus Edelstahl W. Nr. 14301 - 14401 Einschweisrahmen aus rostfreiem Flachstahl Öffnung nach guillotine - lichte Weite 800 x 600. HYDRAULISCHE - PNEUMATIK ANWENDUNG

Porte de cuve rectangulaire en inox AISI 304/L ou AISI 316/L - cadre en plate inox - ouverture verticale a guillotine - passage utile mm. 800 x 600. APPLICATION HYDRAULIQUE - PNEUMATIQUE

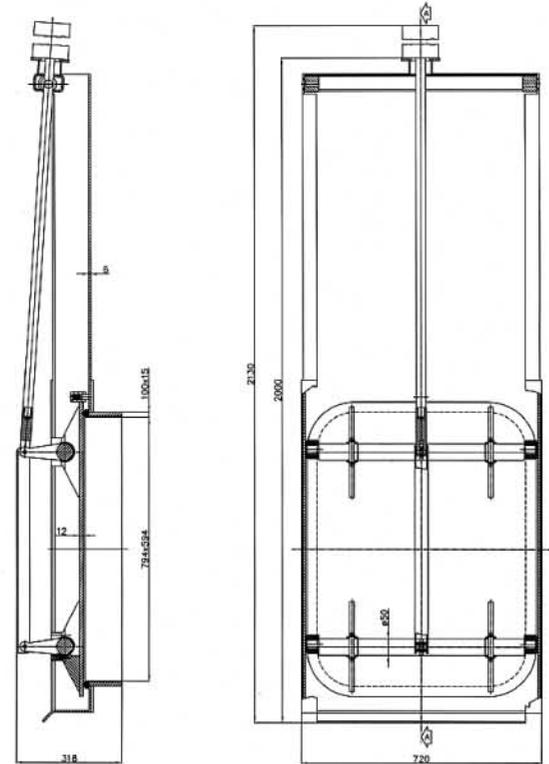

Boca rectangular para vinificaci3n de acero inoxidable AISI 304/L - AISI 316/L - marco inoxidable - apertura vertical a guillotina - luz 3til de pasaje 800 x 600. APLICACION HIDRAULICA - NEUMATICO

Portella rettangolare in acciaio AISI 304/L - AISI 316/L apertura verticale a ghigliottina - telaio di piatto inox 100 x 15 - luce utile di passaggio mm. 800 x 600

Pressione massima di esercizio: 1,0 BAR

Working pressure: 1,0 BAR

Applicazione idraulica - pneumatica

Art. G 3

Rectangular manhole door in AISI 304/L or AISI 316/L stainless steel frame in flat stainless steel - vertical guillotine opening - access 400 x 400 mm. FOR HYDRAULIC - COGWHEEL - PNEUMATIC - ELECTRIC APPLICATIONS

Rechteckiges Mannloch aus Edelstahl W. Nr. 14301 - 14401 Einschweisrahmen aus rostfreiem Flachstahl Öffnung nach guillotine - lichte Weite 400 x 400. HYDRAULISCHE - ZAHNRADÄHNLICHE - PNEUMATIK - ELEKTRISCH - ANWENDUNG

Porte de cuve rectangulaire en inox AISI 304/L ou AISI 316/L - cadre en plate inox - ouverture verticale a guillotine - passage utile mm. 400 x 400. APPLICATION - HYDRAULIQUE - A CREMAILIERE - PNEUMATIQUE - ELECTRIQUE

Boca rectangular para vinificaci3n de acero inoxidable AISI 304/L - AISI 316/L - marco inoxidable - apertura vertical a guillotina - luz 3til de pasaje 400 x 400. APLICACION HIDRAULICA - A CREMALLERA - NEUMATICO - ELECTRICO

Portella rettangolare in acciaio AISI 304/L - AISI 316/L apertura verticale a ghigliottina - telaio di piatto inox 100 x 12 - luce utile di passaggio mm. 400 x 400

Pressione massima di esercizio: 1,5 BAR

Working pressure: 1,5 BAR

Applicazione idraulica - a cremagliera - pneumatica - elettrica
